CAREER OBJECTIVE

To secure a challenging position in a reputable organization to expand my learning, knowledge and skills. Secure a responsible career opportunity to fully utilize my training and skills while making a significant contribution to the success of the company.

ACCOMPLISHMENTS

- Won a International Conference conducted by RSP conference Club.
- Won a Technical Symposium competition INVENTEE conducted by SSN College of Engineering
Best Performer in BIT'S HACK 2022 and won Rs.3000 cash price.

PROJECT

- Explore Southern India**

Role : Front-End Developer & UI/UX Southern India Explorer is a web application designed to help travelers navigate and explore the rich cultural heritage, scenic landscapes, and traditions of Southern India. This platform not only guides users to nearby hotels, temples, and tourist attractions but also provides an interactive experience with quizzes and insights into traditional foods, weddings, and customs.

- Static Web Page**

Role : Front-End Developer & UI/UX The Lab Website is designed to showcase the resources, research, and work being done at the lab. It provides a comprehensive overview of the lab's capabilities, including detailed information about the equipment, research projects, and key personnel. The website serves as a platform to highlight the lab's infrastructure, ongoing experiments, and achievements, allowing visitors to explore the lab's offerings and learn more about its contributions to research and innovation.
